

COVID-19 Safety Plan

Updated: April 30, 2021

Welcome. This is an owner/operated business that is within a **Duplex Cabin**.

I am committed to enhanced cleaning protocols that have been developed in partnership with experts in health and hospitality. Here's what I've done to clean and sanitize the Nass Valley Bed and Breakfast.

- **Approved products:** we use disinfectants approved by global health agencies to help prevent the spread of COVID-19
- **Thoroughly cleaned:** each room was cleaned using extensive cleaning checklists.
- **Every surface sanitized:** all high-touch surfaces, such as doorknobs, cabinets and light switches
- **Protective equipment:** we wear protective equipment, like masks and gloves, while cleaning.

I am here to help. Should you notice anything that is missing, or you have any needs, please let us know.

1. Assessed Risks

This is an owner/operated business that is within a **Duplex Cabin** for the accommodation of up to 9 people in the east end cabin and 5 people in the west end cabin.

Due to the remote location of the Bed & Breakfast and the requirement of essential workers to be in the valley to deliver services for the Nisga'a Nation, Provincial and Federal Governments and Health Authorities, reservations are only honoured if individuals or teams are deemed "essential services."

The east end cabin is 100% self-sufficient with a open concept full kitchen/dining area/lounge area. This end houses rooms 1 to 3.

The West end cabin is also the public dining room where guest meals are served. Rooms 4 & 5 are located on this side.

Accommodation occupancy includes:

- 5 sleeping rooms:
 - Room #1 (Main Floor): 1 Queen bed, with private bathroom
 - Room #2 (Second Floor): 2 Double beds, wardrobe
 - Room #3 (Second Floor): 1 Queen bed, 1 Single bed, desk and wardrobe.
(these 2 rooms share a bathroom)
 - Room #4 (Second Floor): 1 Queen bed, 1 Single bed, desk and wardrobe
 - Room #5 (Second Floor): 1 Queen bed, reading chair, desk and wardrobe.
(These 2 rooms are above the dining room and share a bathroom)
- East end open concept kitchen/dining/lounge area seats: 4 to 9 people based on being in your own bubble.
- Public Dining area: seats 6 people spaced at a large table.
- East End Veranda: seats up to 9 people
- West End Veranda: seats up to 9 people
